

Change Your Life and Your Future.

The Three-Month Course Offered at Jiba

Shuyoka, the Spiritual Development Course, provides a three-month opportunity for people of all ages and backgrounds with different social positions to learn how to live the Joyous Life right by God the Parent's side, by Oyasama's side.

While working together with their fellow followers of the path, Shuyoka students can let God the Parent's teachings naturally settle in their minds. Their way of looking at and thinking about things will then change, allowing them to grow into Yoboku ("useful timbers"), who can build the Joyous Life.
